

FAIR FOR LIFE

List of ingredients that must be fair trade certified

Version 1 - February 2017

Introduction:

This document presents the list of ingredients that, in a multi-ingredient certified product, must be certified. The listed ingredients are considered to be available in fair trade form in sufficient quantity and quality and therefore must normally be certified. This is an evolving list: some ingredients can be added through regular updates.

This document complements the Annex I of the Fair for Life standard, which describes the general composition rules as well as conditions for possible exemptions.

“Certified ingredients” are Fair for Life Fair Trade certified ingredients or ingredients recognised as equivalent according to procedure presented in Annex IV of the Fair for Life standard.

Evolving list of ingredients that must be fair trade certified:

FOOD	COSMETICS / DETERGENTS / HOME PERFUMES	TEXTILES
Bananas	Argan	Cotton
Cocoa	Shea butter	
Coffee	Cocoa butter	
Cane sugar	Sesame	
Mangoes	Coconut	
Pineapples		
Tea (<i>Camellia sinensis</i>)
